Discontinuation Notice

PowerSeries Product Line End of Life

Date: March 15th, 2021

Region: Europe and Middle East (excl. UK)

Product: PowerSeries Product Line

Brand: DSC

Scope

We would like to inform you that we will be discontinuing the PowerSeries product line, together with some remaining Alexor and Impassa SKUs, in Europe and Middle East markets. The discontinuation will take place in 3 phases: Phase 1 SKUs will be discontinued immediately, Phase 2 SKUs will be discontinued by June 30th, 2021 and Phase 3 SKUs will be discontinued by March 31st, 2022. Please place your orders accordingly as we will only be able to support the transition until the suggested dates.

As of April 20th, 2021, EN Grade 2 certification will no longer be applicable to all products mentioned in the list below.

As a replacement to PowerSeries, we recommend all our customers transition over to PowerSeries Neo for all their residential and small-business needs, PowerSeries Pro for all their commercial needs and PowerG devices for wireless detectors and devices needs.

PowerSeries Neo allows customers to retain the strengths of PowerSeries product line, while allowing much more:

- Best wireless technology on the market – PowerG – with 2-way communication, encryption, long range and long battery lifetime
- 3G and dual communication options
- Visual verification
- User and installer applications
- Up to 128 zones, 128 outputs
- Up to 1000 users
- Remote firmware upgrade

PowerSeries Pro introduces several features required in commercial environment:

- EN Grade 3 certification
- Up to 248 zones, 32 partitions, 32 keypads
- On-board Ethernet communicator
- Additional current
- Removable terminals
- Triple EOL support and wireless anti-masking capabilities
- Programmable hardwired zones resistance
- User and installer applications

Phase 1

Phase 1 of the discontinuation covers keypads with RF transceiver, selected models of standalone RF transceivers and wireless repeater.
